

# This Old World Is Too Funky For me

Crusaders/Joe Cocker

[verse 1]

Spend my time chasing down  
Got no rest from the changing  
town  
Pour my soul on some tape  
Grab the look and make my great  
escape

[chorus 1]

This old world is too funky for me  
Send them to Jamaica Soaking  
up the Sherry wine  
This old world is too funky for me  
Lord it makes me feel bad but it  
helps me hold the line

[verse 2]

Got my bags cartwheel blues  
Can't be win so it must be lose  
Got my playing L.A. bound  
Turn me on when we touch the  
ground

[chorus 2]

This old world is too funky for me  
Calling on my baby, baby come  
and pay my bill  
This old world is too funky for me  
One would make me feel good  
two will help me pay the bill

[break 1]

Out on the wind, you gotta keep  
on flying, flying  
Out on the main, you gotta keep  
on crying, crying, I'm flying

[verse 3]

Brand new light, L.A. night  
I just go till I get it right  
One more song, one more round  
Hope the loss till I come to find

This old world is too funky for me

[chorus 4]

This old world is too funky for me
